SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, JULY 24, 1912.

50 CENTS PER MONTH

MASSACRE IS FEARED IN MADERA

400 Mutinous Rebels Menace
Lives of Americans—Loot
American Homes

COMMANDEER HORSES AND MULES—THREATEN DEATH

Many Women and Children
Are Still in Menaced
Territory

EL PASO, Tex., July 24.—Fears that the massacre of Americans may be the outcome of the situation in Madera, Chihuahua, Mexico, was intensified today by the report of the arrival there of four hundred mutinous rebels. Efforts to send the women and children from the region have failed.

That the rebels are looting the homes of Americans and commandeering mules and horses wherever found, is the report. They are threatening death to all who resist. Apprehension is felt that a murderous outbreak may occur at any hour.

PERSONAL GUARANTEES

WILL LIKELY BE SUSPENDED
MEXICO CITY, July 24.—As a result of an attack three days ago on a train between this city and Cuernavaca, and other attacks in the south as well as in the north, it was unanimously decided at a Cabinet meeting yesterday to ask the permanent commission of the Chamber of Deputies to enact a law suspending personal guarantees in several states.

Included in the districts which the law will affect are the States of Chihuahua and Sonora, the northern part of the State of Durango, and a part of Coahuila in the north, the States of Morelos and Guerrero and parts of Mexico, Puebla and Tlaxcala in the south.

All Bridges Burned

It was learned through railway officials that virtually every railroad bridge between Gomez Palacio and Hualto, 100 miles east of Torreon, of the Monterey line, had been burned by the rebels. It was hoped to get a train through today from this city to Torreon.

In view of the turn which the revolution has taken in the south and the north, the Department of War, in conjunction with the president, has decided to work out a new plan of campaign. The army in the districts in which some of the rurales are being mustered out will be increased. It is expected that the chief military commander will be called to the capital for a conference.

GUADALAJARA TO SOON SINK

Such is Prophecy Following the
Recent Eruptions—Panic
Sends Thousands Away

GUADALAJARA, Mex., July 24.—Almost the complete depopulation of this city of nearly 150,000 people is threatened on account of the superstition that it is almost about to be destroyed by an earthquake.

For several days people have been leaving at the rate of several thousand a day.

Scientists say there is some ground for the existing excitement. For more than two months the city has been shaken almost daily by earthquake shocks. Some of them have been severe and many houses have been thrown down.

Many people believe a volcanic eruption is on close to the city is imminent.

What has intensified the excitement is the prophecy by Cesar Garcia that the day is near at hand when he was arrested and placed in jail of fire and brimstone.

His devoted Indian followers say that he came out of the heavens in a cloud.

He was arrested and placed in jail here a few days ago. A mob of several thousand natives attempted to storm the place where he was confined, but they were driven off by soldiers and the police.

An altar has been erected in honor of Garcia. It is kept constantly covered by gifts of flowers. It is said that the prophet performed several miracles before his arrest. He has abstained from all food and drink since he was placed in jail, but as yet shows no signs of weakness.

Big Lackawanna Wreck Blamed On R.R. Employees

CORNING, N. Y., July 24.—The coroner's jury today delivered a verdict that the negligence of Engineer Schroeder and Flagman Lane was responsible for the wreck on the Lackawanna railroad on July 4, when forty people were killed. A warrant for the arrest of both men was issued by Coroner Smith.

CONTRACT GOES TO BLACK AT \$21,499

School Board Received Numerous
Bids For Building New
Grammar School

HILL AND SON GET THE PLUMBING WORK

Miss Sallie Catland Is Elected
Librarian, Newly Created
Position

At the meeting of the city board of education last night bids were opened for the construction of the proposed new grammar school building, and the contract was awarded to A. C. Black of Santa Ana, whose bid of \$21,499 was the lowest received.

Black's bid was the only one under \$22,000.

Several other bidders put in two bids, making a difference on the kind of windows to be used. The other bids were: Somer & Lund, Los Angeles, \$25,870; C. R. Walkenshaw, of Pasadena, \$25,600; Pasadena Building Company, Pasadena, \$26,156.61 and \$419.34 less on second bid; F. M. Walton & Son, Hollywood, \$22,645; G. E. Preble, \$23,300 and \$24,522; R. C. McMillan, \$22,700; C. McNeil, \$24,050 and \$24,675; T. O. Moore, \$23,646; E. W. Smith, \$24,098 and \$23,498; May & McBurney, \$22,887 and \$22,600.

The building will be a nine-room building, mission style, to be erected at the corner of Fairview avenue and Broadway.

Bids were opened for plumbing, as follows: S. Hill & Son, \$1800; A. E. Bell, \$2035; F. P. Nickey, \$1812.50; Cooney & Winterbottom, Alhambra, \$1992. The contract was awarded to S. Hill & Son.

Bids for the heating and ventilating plant and for the wiring of the building are to be opened at a meeting to be held next Friday evening.

Librarian Elected

Miss Sallie Catland, at present assistant librarian at the public library, was last night elected school librarian, a newly created position. Probably at the beginning of the second semester she will be put in charge of the assembly hall, thus relieving the high school teachers of the duty of watching after it.

Miss Beth Phillips, secretary of the high school, was given a month's vacation, during August.

May Buy More Land

Some of the members of the school board contemplate the purchase of a second addition to the polytechnic high school site. At the last meeting it was proposed to buy five acres to the south of the Gist tract. Last night it was proposed to buy three lots at the northwest corner of the Gist tract. The reason for this was stated to be that it is proposed to extend Patton street southward from First street, and Walnut street westward from the east edge of the Gist tract. At the northwest corner would be three lots within the block. President Duggan said he thought the school board ought to buy those lots, and thus have the square corner, making the site a better shape. No action was taken on the matter.

Expect Money Soon

It was stated last night that the grammar school and high school bonds have been printed and are now awaiting the signature of T. B. Talbert, chairman of the Board of Supervisors. Talbert is away on his honeymoon, but will be back in a few days, after which the bonds will be signed and the money soon available.

DAMS BREAK WITH \$1,000,000 DAMAGE

"14 Probably Dead," Says
Message After Flooding of
Evans Mine as Dam Breaks

WAUSAU, Wis., July 24.—Scores of houses were washed away by the breaking of two dams here today, and damage amounting to one million dollars resulted. The telephone wires are crippled. It is feared that deaths may have occurred in the outlying districts.

Later reports say that the big power dam twenty miles west of here has also broken. Four bridges are down, and railroad communication in the stricken territory is destroyed. The water works here are inundated and the city's water supply is cut off.

LOOKOUT TAKES HIS OATH OF OFFICE

Telephone Line Is Finished
From Santiago to Adkin-
son's House

FOREST MAN GIVES WARNING ON FIRES

Line to El Toro Will Be Built
Soon—Ex-Missionary on
Top of Mountain

The telephone line from the top of Santiago Peak to Fire Warden Adkinson's house in the Trabuco has been completed and is working in excellent shape.

This partially establishes the forest fire alarm system for the Santa Ana mountains. As soon as an appropriation is made, the line will be completed to Forest Ranger Stephenson's house at El Toro, where connections may be made to either the Pacific telephone or the Home telephone. The line from the mountain to the forest ranger's station will be forest service property.

The line from the peak to Adkinson's house furnishes great protection. From the peak with field glasses, the lookout, Eugene Davis, can detect smoke on any part of the range. With the portion of the line so far completed, warning can be given to Adkinson and spread over the west side in a short time. When the line to El Toro is completed, the forest ranger can give warning to the Corona and Elsinore side by long distance telephone. The principal thing in the control of a fire is to get a body of fire-fighters at the edge of the blaze as quickly as possible, and beat out the fire before it gets under headway. A fire that could be put out by ten men, if left for two hours might take a hundred.

Davis was in Santa Ana this morning with Forest Ranger Stephenson, and was sworn in as a forest officer, which gives him authority to impress men into service in case of fire. Davis and his wife have been camping in the Trabuco. Yesterday they moved to the top of the mountain, where they have a tent and cabin. This week the forest ranger will move material to the peak for building a small lookout house, with windows on all sides.

Davis and his wife expect to have visitors a part of the summer. At the present time they have three visitors, two of them being from Riverside, where Davis and his wife live. Davis has been a missionary to China, and had to give up the work for his health. At the end of this summer he expects to re-enter the ministry.

There is a fair trail to the top of Santiago Peak from the Trabuco side. The trail has been used to a great deal this summer in the building of the telephone line, and the indications are that it will be used a great deal this summer by campers in the Trabuco, who may ride or climb to the top of the mountain for the pleasure of it, though ordinarily it will be a hot climb, for the sun beating down on the mountain is not conducive to comfort.

Yesterday fourteen boys who are in the Long Beach Y.M.C.A. camp in the Trabuco made the ascent of the mountain, and enjoyed every foot of the climb up and down.

Forest Ranger Stephenson stated this morning that so far this summer there has been no fire on the national forest in his division. The forest officers are insistently educating campers concerning the care of campfires. Careless campers are responsible for a large share of forest fires, and Stephenson urges that every person going into the hills sees to it that no campfire be bigger than is necessary for the purpose for which it is built, that it be not built until leaves and brush are cleared away from the spot where it is to be built, that it never be left unguarded and by all means see to it that every spark of fire is out before the camp is left. Every campfire ought to be thoroughly water-soaked before it is left. Covering coals of fire with dirt is against the law and is a menace, for cattle may come along and kick the coals into the open.

Stephenson gives special warning against throwing away cigar and cigarette stubs.

"A good many men think nothing of tossing away a cigar or cigarette stub while it is still burning," said Stephenson. "That is all that is necessary to start a fire that might sweep the range. The grass is already very dry, and it needs but a touch of fire to start it burning. The only safe way to dispose of a cigar or cigarette stub when one is traveling in the mountains is to throw it in the bottom of the automobile or rig."

IN DUEL WITH MEXICAN ORANGE CITY MARSHAL SENT BALL THROUGH HIM

Man Arrested on Railroad Track Opened
Fire on Warner—Gun Twice Snapped
When Held on Westerman's Head

With a bullet hole through both lungs and his liver, Edmund Ramon, a stranger Mexican, is in the Santa Ana Hospital likely to die. He was shot by City Marshal H. A. Warner of Orange last night when Ramon was trying to kill Warner. That Ramon failed to kill either Warner or Nightwatchman A. H. Westerman of Orange is due to the fact that Ramon had a defective revolver.

Ramon pulled the trigger twice on Warner. Once a bullet sped within a few inches of Warner's head. Warner then fired three quick shots at the Mexican and hit him twice. One bullet plowed through the Mexican's left hand, another passed through the thorax from right to left, and the third missed. Westerman grappled with Ramon, and twice with the revolver close to Westerman's head Ramon pulled the trigger, and each time the gun snapped.

At 3:15 o'clock this afternoon the wounded Mexican was very low, with little prospect that he would live. At the hospital he gave his name as T. Remes, his age 30, and Mexico as his native land.

The shooting occurred last night on West Palmyra avenue, Orange, at the Santa Ana railroad crossing, where he found a Mexican, Ramon, asleep in a blanket. Warner awakened the man, and searched him, finding no revolver. "Put on your shoes, and come on," said Warner. While the man was putting on his shoes, Warner searched the man's coat, and handed it to him. The Mexican probably had the gun on the ground, or hidden in the ties. When he got up he walked around the corner of the ties, and suddenly he wheeled on Warner and leveled a revolver at him, but a few feet from his face.

Warner's Quick Work
Warner saw the revolver and heard the gun snap in the same instant. Warner dodged downward just as the Mexican pulled the trigger a second time, and the bullet missed its mark. Warner jerked out his 38-caliber automatic, and leveled it at the Mexican. He pulled the trigger three times. The first bullet tore the man's third finger off the left hand, and came out at the back of the hand, shattering bones of the hand.

The second bullet entered the right side two inches below the armpit, and came out at the left side below the armpit. The Mexican dropped just as the third bullet passed over him.

At the first shot Westerman ran toward the pile of ties. He ran up to the Mexican, who was on the ground, and grappled with him. The Mexican was still fighting. He pulled the trigger twice, and had the cartridge exploded either time Westerman undoubtedly would have had a bullet in his head. The nightwatchman used the tip of his revolver to bring the Mexican into submission.

The man was then handcuffed, and the three Mexicans were led to the Orange jail.

Taken to Hospital
There the nature of Ramon's wounds were discovered, and he was sent to the Santa Ana Hospital and put in charge of County Physician Wehrly, who with Dr. Ball operated on him last night. The chances for life are slim, but he may pull through. Two ribs were broken by the entering bullet, and one as it passed from the chest cavity. The bullet was taken from the flesh on the left side. The lungs on both sides and a part of the liver were penetrated by the bullet.

Ramon is reticent as to who he is, and the officers are unable to find out anything about him. They are not even certain of his name.

That City Marshal Warner of Orange escaped the fate of City Marshal Kellenberger of Anaheim is mere luck. On July 9, Kellenberger was shot through the right lung by a Mexican he was arresting. At Orange, the officer escaped, and it is a strange coincidence that Ramon's injuries give him about as much chance for life as Kellenberger had when he was shot down.

Friends of Warner and Westerman are congratulating them today, and Warner is praised for his quick work in handling his revolver.

The Mexican's revolver was taken from him. It is a 38-caliber Derringer.

FIVE MEN ARE BEING SOUGHT

Suspects in Rosenthal Case
Informed on by Widow
and Dictograph

NEW YORK, July 24.—Circulars asking for the arrest of "Whitey" Lewis, "Lefty" Loewy, Samuel Sheps, Harry Harowitz and "Dago" Frank, were sent broadcast today. These men are accused of complicity in the murder of Herman Rosenthal, the gambler. Evidence on which the warrants are based was secured by the grand jury from Rosenthal's widow and dictograph records of conversations between Shapiro and Libby, two suspects in the Toms.

A new theory concerning the escape of the murderers of Herman Rosenthal is advanced by District Attorney Whitman. He thinks it possible that the "murder automobile" was used for a purpose and displayed a fictitious number as a blind; that accomplices entered it, while the real murderers walked away unobserved.

BOLD DAYLIGHT BURGLAR ABROAD AT SEASIDE CITY

LONG BEACH, July 24.—The police today are endeavoring to trace a bold daylight burglar, who enters apartment houses bareheaded, apparently as a guest, pilfers the rooms and walks quietly out at the front door.

The Hotel Letlington was entered this morning and several hundred dollars of money and valuables taken, reports from other hotels indicate that they also were visited.

VILLAGE MARSHAL AFTER PAT CALHOUN WITH \$8000 BILL

CLEVELAND, July 24.—"Home ain't nothing like this," was the comment today of George Norris, marshal of Nottingham Village, who is lolling about the country home of Patrick Calhoun, the traction car millionaire, to collect a bill of \$8000 rendered against Calhoun in favor of a California building concern by a San Francisco court.

LORIMER CHEERED FOR 18 MINUTES

Chicago Friends Greeted Ousted
Senator With Enthusiasm
—He is Jubilant

CHICAGO, July 24.—Senator William Lorimer, recently expelled from the U. S. Senate, is jubilant over the reception tendered him last night by thousands of his friends in Orchestra Hall, when he was cheered for eighteen minutes. He said:

"I am not a candidate for any office, but I propose to talk to the people in every section of Illinois. I want the voters to see on what a flimsy pretext the Senate acted. I will start my speech-making tour after the presidential election."

MOUTHS BITTER ATTACK ON THEODORE ROOSEVELT

Makes Absurd Comparison as
to Situations of Roosevelt
and Champ Clark

WASHINGTON, July 24.—Denouncing Roosevelt as a "pirate who deliberately misleads the public" and asserting that Roosevelt's contests in Chicago were "trumped up and faked," Congressman Mondell of Wyoming, fired the opening gun of President Taft's campaign defense in the House today.

Barthold of Missouri was scheduled to follow Mondell in presenting the case of Taft to the people. Mondell said:

"Roosevelt and his supporters have repeatedly in the most violent impenetrable language made serious charges of fraud and wrong doing in connection with the seating and electing of delegates. Few people realize how easily men are led by an over-zealous man. Truth is at a disadvantage in the presence of persistent prevarication."

"It is proposed to steal the livery and secure the benefits of the Republican state organizations while repudiating the party. It is difficult to conceive a more shameless proposal. It is pure piracy."

Mondell declared that Speaker Clark had as much right to desert the Democratic party as Roosevelt had the Republican, by asserting that his nomination was "ruthlessly snatched from him without warrant, justification or excuse."

WHIPPING IS FUELED CAUSE

Attack on Miss Carter Causes
High Feeling—Father of the
Girl's Lover Is Accused

MACON Ga., July 24.—Extensive preparations to prevent blood shed in the little town of Dawson near here, are under way as the result of the feud which is the outgrowth of the brutal whipping given Miss Elsie Carter, a comely young woman, by three men who dragged her from her bed Sunday night. The girl is in the hospital covered with bruises and may die. Feeling is running high.

Miss Carter's version given to the police today, was to the effect that W. S. Dozier, clerk of the superior court, wielded the whip because he objected to her engagement with his son, Vogt Dozier. Dozier and his son, James, and another man, dragged her from her bed, took her to a grove and whipped her until she fainted. James Dozier pleaded with his father to stop. Vogt Dozier, the girl asserts, was kidnapped during the ordeal, and now threatens to shoot his father on sight.

No arrests have been made, but the men mentioned by the girl are under police surveillance.

WEDDING WILL BE AMIDST SPLENDOR

Ancient Kanaka Feast Revived at Marriage of Hawaiian Bride to Virginian

HONOLULU, July 24.—In a setting of barbaric splendor, marked by a revival of the old Kanaka wedding feast, Thelma Kahiluopapili Parker will be married on her estate near here July 25 to Henry Gaillard Smart, the son of a Virginia clergyman. Preparations for the wedding have been under way for weeks on the vast Parker estate which Miss Parker inherited from her grandmother, and every known resource of the old feudal days in providing luxurious entertainments will be revived.

Henry Gaillard Smart of Boynton, Virginia, met Miss Parker on the steamship Korea, last December, when he was en route to Hawaii to begin a business career on the islands. Miss Parker, who is known in San Francisco society, was just out of finishing school and the romance began before the boat reached Honolulu.

The young heiress came of age a few weeks ago and her birthday was celebrated by a carnival of sports on her island principality. At the same time her estate, consisting of land and cattle valued at many millions, was divided, one-fourth being bequeathed to her mother, Mrs. Frederick Knight, and one-fourth being set aside for a charity fund.

A crowd of guests left July 16 for the Parker estate and others are following daily. The native feast of the luau will begin tomorrow. It will be served in the open with all the old-time Hawaiian delicacies. Carnivals of outdoor sports, consisting of feats of horsemanship and unique Hawaiian pastimes, have been in progress for the past week.

Miss Harriet Bradford of San Francisco will be the maid of honor. The bridesmaids will be Miss Aileen McGuire and Miss Charlotte Dowsett. The best man will be Robert McCarriston. The bride will be given away by her mother.

Mansions are being built for the bridal couple in Honolulu and San Francisco.

LOS ANGELES IS A GOOD SHOW TOWN

Nearly Million and Half Persons Visit Theaters and "Movies" Every Month

"The play's the thing," and Angelenos recognize the fact by attending the theaters in allopathic doses, according to statements made at the luncheon of the Advertising Club at Christopher's yesterday, says the Los Angeles Times.

The average monthly attendance on the ten principal houses, including stock, opera and vaudeville, is more than 400,000. The stock houses have each a minimum attendance of 50,000 persons and a maximum attendance of 75,000. Thirty per cent of the patrons are suburbanites.

There are seventy-two motion-picture theaters in the city with a seating capacity of at least 500 persons each. Six of these houses play to 5,000 persons daily each—a monthly attendance of 900,000. It has been found impossible to estimate the total attendance on the motion-picture shows as in the smaller houses persons are constantly coming and going. On an average, however, it is figured that every man, woman and child visits a canned drama emporium once a week.

LOS ANGELES, July 24.—The Dorow bribery trial was again postponed today on account of the illness of juror Leavitt.

PUT MILLIONS IN SCHOOL BUILDINGS

Los Angeles County Led State in Spending \$4,205,400 in Housing Schools

LOS ANGELES, July 24.—Four million, two hundred five thousand and four hundred dollars were spent for school buildings in Los Angeles County the last school year—the largest amount of any county in California—according to figures just compiled by County Superintendent of Schools Mark Keppel.

This amount is a gain of \$2,284,000 over the amount spent for school buildings for the school year ending June 1, 1911. The large amount of money expended, says Superintendent Keppel, shows the abounding and increasing interest of the people of Los Angeles County in the school system and in the bettering of the education of the pupils of the Los Angeles County schools.

OBITUARY

W. G. Wells

Smith's chapel was crowded with friends and neighbors yesterday, who gathered to pay their last tribute of respect to William G. Wells who died in this city at his residence at 512 Spurgeon street, last Monday morning, July 22, 1912.

Mr. Wells was born February 12th, 1852, at Newington, Connecticut where he spent his boyhood days on a farm and, when still quite a young man, took over the active management and charge of the farm. He never was very strong physically.

In 1881 he was married to Clara Lydia Rowley, also of Newington, Connecticut, near which place they were engaged in the business of dairy farming. The severe winters there caused him to emigrate to a more congenial climate. In 1890 he with his family moved to Montana where they resided until 1891, when they again moved to and settled in Orange, Orange county, California, at which place he invested in an orange orchard and residence on North Glassell street. Returning soon after this to Connecticut he closed his business interests there and returned to Orange, at which place he and his family resided from June, 1891, until July, 1905. While in Orange he entered into extensive real estate deals as well as farming.

In July 1905 he and his family moved to this city to their residence as designated above and at which place they have resided continuously ever since. In Santa Ana he was active in general business until recent years when on account of failing health he was obliged to retire from such activities.

On a recent trip to Alta Vista he was taken sick as a result of over exertion. He came home on Sunday, July 14, 1912, standing the trip well, but on Tuesday the 16th inst., he experienced a slight stroke of paralysis affecting his whole system, and from which he never recovered, passing on Monday to that celestial harbor "where the wicked cease from troubling and the weary are at rest."

Of the union of Mr. and Mrs. Wells, six children were born, five of whom, two sons and three daughters, together with their mother and his widow, survive him. The children are as follows: William C. and George R., both of Los Angeles; Mrs. Lottie Barrows, of Williamamantic, Connecticut; Edythe C. and Grace L. of this city. Deceased left also a brother, Mr. C. J. Wells of Los Angeles, and a sister, Mrs. W. H. Webster, of Berlin, Connecticut.

The rich casket was literally buried in flowers and lovely floral emblems, from the various organizations and close friends.

The Rev. J. A. Stevenson officiated, carrying a message of comfort and hope to the family in particular and to all who believe in the infinity of God and the immortality of the soul. The Misses Nellie Bacon and Hazel Rowley rendered in a most impressive manner as duets, the hymns "My Jesus As Thou Wilt" and "Asleep in Jesus," most fitting hymns with which to close the scene on so useful and true a life and which as stated by the Rev. Mr. Stevenson, was not only a friend but a Christian friend, to honor whom we had not only met as friends but as a band of Christians. In the death of Mr. Wells, a faithful husband, a kind and affectionate father, a warm friend, a splendid neighbor, and a first class citizen is lost, and with all of whom his place cannot be filled.

Mr. Wells was a man who experienced and possessed a deep religious conviction. He joined church at the age of fifteen years and he has always retained his membership therein. At various times he has held important offices in the church. He was a member of the First Presbyterian church of this city at the time of his death. He was also a regular and valued attendant at the International Bible Class of the same church.

It is said by the historian of Central America that "The adventurer, after climbing over range after range of volcanic hills, at last stands upon the dividing summit from which he can behold both oceans at once. Turning from the Caribbean Sea, its rippling waves and islands of tropical beauty, before him lies the dark, heaving Pacific stretching away under a cloud of immensity to that fabled region where the dream of the Ancients has located 'The Isles of the Blessed.' We know that the glory and soul of him whom we mourn, now beholds, not a fabled Elysium, but that home of the faithful where 'flowers ever bloom and beams ever shine.'"

We therefore commend his family and all his friends to Him who said, "Come unto me all ye who are weary and heavy laden and I will give you rest," who is Himself enshrined in the hearts of men in the enduring thought that we shall all meet him again in that home "not made with hands eternal in the heavens."

CHICKENS DIG UP TROUBLE FOR OWNER

Orange News: A slight disagreement in which the defendant's chickens figured as the disturbing element, was settled in police court this morning when Gustav Riecken was assessed a fine of \$5 on the complaint of Ed Laederich. Riecken's chickens, it was alleged, had trespassed upon Laederich's property and it seems that warnings were not properly heeded. Riecken explains that the chickens were released while he was at Newport Sunday, and that he did not know what was going on. The affair, however, was cheerfully settled.

Alfalfa

HAY THERE!

120 Acres

\$55,000 FOR SALE

Probably the finest, most fully equipped, and best dividend paying alfalfa ranch in Riverside county.

100 acres—elegant stand—produced 210 tons the first cutting this season—barn and warehouses, right at the shipping station, for 1200 tons of hay—complete water system, consisting of pumping plant and 6400 ft. of 12 and 14 in. steel pipe lines, with hydrant at each check—10 room modern home, 6 room bungalow—blacksmith and machine shops, equipped with all necessary tools. Alfalfa clean of all weeds or foxtail grass. Property will net about \$12,000 this season, after hiring all work done.

Terms—\$15,000 cash, balance to suit. Might consider part in trade, if good income property.

Wanted—10 acres of Valencia or lemons—have customer waiting for same—must be good thrifty trees, and price right.

Wanted—10 or 15 acres of full bearing walnuts, not intercast with other trees, prefer Tustin locality. Customer wants it for a good home, and would like place with good house, or a place without any house.

We have a fine list of alfalfa ranches, and cheap lands, improved and unimproved, for sale and for trade.

Says he has the best buy in an up-to-date 8 room house in Santa Ana, it is in two minutes walk of the P. O. it is a corner, fronts two nice streets in a very desirable neighborhood, there is plenty of room for another house, it is surrounded by nice trees and shrubbery.

It will rent for a good interest. It is a good place to live. It is a good place to rent. It is a good place to sell. But it is a better place to keep than anything of the kind in the city. If you want a home in a nice refined place I would like to show it to you. If you only want to talk and rubber don't come around. It is too good a buy to spend time. It will talk for itself.

VOTE IN FAVOR IS INCREASING OF MAYOR AND FOUR IN INTEREST

The Freeholders Prefer Board
of Five Instead of Board
of Three

The board of freeholders, now engaged in forming a charter to be submitted to the people of Santa Ana, last night tentatively adopted the Sacramento plan of city government, a modified form of the commission form of government.

The principal question up for discussion last night was whether there should be three commissioners or four commissioners and a mayor. A majority of the fifteen freeholders voted in favor of the four commissioners and a mayor. Those who favored the three commissioners contended that the city could give these three men enough to keep them employed all the time and pay them enough to make it worth their while. The plan that was favored tentatively is to elect a mayor to give all of his time to the job, and pay him for his full time. The mayor is to be elected every two years. The four commissioners are to be elected two every two years, each to serve four years, to be paid for giving a part of their time to the work of the city.

The study of the Sacramento charter was recommended by the committee of which G. S. Smith is chairman. Last night the work of going over the charter section by section was begun. The work so far is all tentative, and there is no reason why the board should not change its mind on any or all the points already brought up for discussion. Sacramento adopted its charter in 1911.

REDONDO WANTS PARK

FUNERAL OF MAN DROWNED HELD AT LOS ALAMITOS

GARDEN GROVE, July 24.—The funeral of Thomas Long was held at the Los Alamitos church Monday. The body arrived Saturday from Portland where he was killed. There was no evidence of violence on the body and it is thought he fell from the long bridge while crossing the bay.

Mr. Long with his family resided near Garden Grove and was visiting in Portland, Ore. On the morning of July 4 Mr. and Mrs. Long arrived in Portland and Mrs. Long and her small daughter stepped from the boat and went across the street to get breakfast in the dining room of the boat. When Mrs. Long returned a half-hour later her husband had disappeared and all trace of him was lost until the finding of his body in the Willamette river at Portland a few days ago and the mystery partly cleared up.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter from Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble.

My husband asked me to try Cardul. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul.

Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

FOREIGN COMMERCE GROWS

U. S. Established High Records for Both Imports and Exports in Fiscal Year 1912

WASHINGTON, July 24.—Foreign commerce of the United States for the fiscal year 1912 was greater than ever before, new high records being established for both imports and exports. The value of merchandise entering free of duty also reached an unprecedented total.

The year's trade figures, made public today, show that the imports were \$1,653,426,174 and the exports \$2,204,222,088 in value. Imports exceeded the former high record, that of 1910, by about \$100,000,000, while exports exceeded the 1911 record by nearly \$155,000,000.

SAN FRANCISCO, July 24.—When the fall semester opens at the University of California the name of Sun Fo, son of Dr. Sun Yat Sen, head of the revolutionary movement which overthrew the Manchu dynasty in China, and provisional president of the new republic after the Emperor was dethroned, will be on the roster of students. Young Sun is 20 years old. The boy is at present visiting friends in Honolulu with his two sisters, Sun Yuen and Sun On, 17 and 15 years, respectively.

LITTLETON OPPOSES BILL CHANGING TRUST LAW

WASHINGTON, July 24.—Serving notice on his Democratic colleagues of the Stanley steel investigating committee that he could not approve their bill amending the Sherman law, Representative Martin W. Littleton of New York yesterday presented his opposition in a 6000-word supplemental statement, which will be incorporated with the general report of the committee.

His criticism of the majority bill is that it puts the burden of proof on corporations to show that they are conducting business in restraint of trade, and that the entire legislative process is more an attack on industrial concerns than a presentation of constructive preventive measures.

BEEF TRUST AND ARCHBAUD

If Judge's Impeachment Trial Is Delayed Senate Will Begin Probe of the Beef Trust

WASHINGTON, July 24.—Chairman Clayton of the House judiciary committee announced yesterday that the Senate would decide to delay the trial of Judge Robert W. Archbald, of the Commerce Court, under impeachment proceedings, the committee would begin at once to probe into the beef trust.

INCOMING LINERS CONTINUE TO TELL OF ICEBERGS IN THE SEA

NEW YORK, July 24.—Incoming steamers continue to bring reports of large icebergs and field ice sighted on the transatlantic passage. Yesterday passengers on the Kaiser Wilhelm der Grosse were excited over a monster berg which they saw on Sunday in latitude 41:38, longitude 51:25. Captain Dahl said that the berg was about 400 feet in length and eighty feet wide.

A much bigger berg was sighted by the passengers of the Zealand, who declared it was fully 350 feet long and 120 feet high. The Zealand also passed a lot of field ice.

LIFE RESTORED BY MEANS OF ARTIFICIAL RESPIRATION

SAN DIEGO, July 24.—According to Dr. A. Claude Magee, police surgeon, Frank A. McGraw, collector for the Merchants' Association, who attempted suicide by morphine Monday night, owes his life to artificial respiration, induced by means of a pulmotor, loaned for the occasion by the San Diego Gas Company.

When McGraw was found all but lifeless, Magee telephoned for the pulmotor. Attaching one end to the socket of an electric lamp he introduced the other into the expiring man's mouth, and in a few minutes a slight fluttering breath began to show its presence.

After respiration was restored McGraw's stomach was relieved of the poison.

OIL COMPANY PAYS \$15,000

Los Angeles Times: The Olinda Land Company's last quarterly dividend showed an increase from 1/2 to 3/4 of a cent a share, and it is reported that from present indications the latter rate will be permanent. Instead of disbursing \$10,000 to the shareholders, as heretofore, \$15,000 was paid out.

The increase has been due to the extensive development work carried on by the company in the last few years, which has brought in many new wells. Also it is said that the Olinda derives a large revenue by leasing land to other companies.

The Olinda is increasing its string of tools from three to six, and is just about to spend in the sixth well, No. 12. Nos. 3, 8 and 9, which have been drilling for some time, are now down to quite a depth. No. 5 is in the extreme eastern part of the company's territory, a mile distant from other operations, and where light oil is found. Nos. 10 and 11 have recently been spudded in, and are now down a little more than 800 feet. No. 12 will operate in new territory, being one mile east and south and on the other side of the hill from the present producing wells of the company.

Henceforth the Olinda people are contemplating doing their own shop work, and are erecting buildings for this purpose.

STOP USING COFFEE IS SLOGAN OF WAR ON COFFEE TRUST

NEW YORK, July 24.—Some one unidentified to the public is supplying to grocers of this city, and presumably to the whole country, postal cards bearing an appeal to coffee drinkers to abandon the use of that beverage for four months. The object proclaimed is to nullify the combination between the Brazilian government and the coffee exporters, whereby the supply of coffee, without regard to the production, is limited. The author promises that four months of self-denial by coffee users in the United States will reduce the price to 12 1/2 cents a pound.

"War has been declared. Will you join our American army?" the legend on the postal runs. "Will you volunteer to join our American army and pledge yourself not to use coffee for four months? Stop using coffee right now and in four months we will have our battle won and teach the coffee trust a lesson long to be remembered."

\$5000 PIPE ORGAN PRESENTED TO NEW WHITTIER CHURCH

WHITTIER, July 24.—Announcement was made at the morning service of Plymouth Congregational church here, Sunday morning, by the pastor, Rev. Wilson J. Marsh, that a gift of \$5000 had been made to the trustees for the purpose of purchasing a pipe organ.

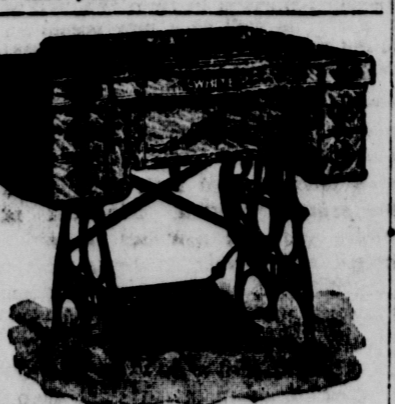

The donor is Mrs. Mary Griffen of South Painter avenue, who gives the organ as a memorial to her late husband, Henry F. Griffen, for many years a deacon of Plymouth church, of which both he and Mrs. Griffen were charter members and staunch supporters.

This gift will complete the splendid plant of Plymouth church which is now occupying the new church building erected last year at a cost of over \$25,000.

DAN CUPID OUTDID HIMSELF ON JUNE 1912 BRIDE RECORD

SACRAMENTO, July 24.—Dan Cupid broke all California records for June brides this year by directing 3079 couples on the matrimonial sea. Statistician George Leslie of the State Board of Health believes that leap year has something to do with the figures. Last June but 2976 couples were married and June of last leap year boasts of but 2251.

Leslie hopes to see this year break a record for the season that the half year totals indicate about 28,400 during the twelve months against 27,303 for last year.

BANKERS' ASSOCIATION

Orange County's Banking Men First Discussed Business, Then Lighter Things

A meeting of the Orange County Bankers' Association last evening ended most profitably and pleasantly, both business and pleasure.

The directors' room of the Orange County Savings & Trust Company of this city was utilized for the assembly, most of the towns in the county being represented by the twenty-five association members present, the occasion being the quarterly meeting of the association.

Important matters were discussed and two new banks were admitted to membership, one at Anaheim and one at Brea. That banking conditions throughout the county are satisfactory, was the prevailing feeling as expressed last night.

The interesting address of the evening was given by W. A. Zimmerman, president of the Orange County Savings & Trust Company, on the topic: "The Blue Sky Boomer-Stock Salesman." The address will be published in the near future in the Register.

During the evening punch was served in the banking room, and after the discussion of the more serious business of the evening was ended, the bankers went to the Dragon where light refreshments were discussed in an enjoyable way, thus pleasantly concluding an auspicious event in banking annals of Orange County.

LADY MACCABEES' JOLLITY

Dignified Ladies Forget Cares and Betake Themselves to Days of District School

The lady Maccabees held one of the jolliest meetings in their history last night with the "Pansies" as hostesses. The other contestants in a membership contest now going on in the lodge are the "Violets" and they were out in force. An interesting program of instrumental and vocal music and recitations was given in charge of Mrs. Fowler.

The "Violets" were then asked to retire for a short time and when they were called in again, they found a full-fledged district school in progress with both boys and girls present. Mrs. A. W. Williams made an excellent teacher and welcomed the school trustees, who later visited the school, most graciously. Mrs. Ostott was gowning in her wedding dress, a pretty silk worn when she was a bride sixty years ago.

While the visitors were present the "scholars" sang duets and gave impromptu talks and recitations. It is said that among the performers, Mesdames George Peters and Robert Squires "took the cake."

At the close of the school, pupils and visitors went to the banquet room where lunch boxes were opened. Each box contained bologna sausage sandwiches, pickles, coconut cookies and some striped stick candy. The luncheon hour was a hilarious period.

All Day Meeting

The Woman's Bible Class of the First Baptist church is planning for a delightful time tomorrow, when the members of the class will have an all-day meeting with Mrs. Musselman of East Fourth street.

The ladies will have mid-day luncheon at the Musselman home.

Personals

R. Y. Williams was a legal visitor to Los Angeles today.

Mr. and Mrs. H. C. Franklin were morning passengers via the trolley to Los Angeles.

Henry Meis, who has been at the Lacy House, leaves today for Los Angeles, from where he will go to Seattle, taking Governor at San Pedro. He will remain permanently at Seattle.

Miss Ava Wells was a Long Beach visitor for the day, going down on an early car.

Mr. and Mrs. F. L. Austin, daughter, Miss Helen Austin, and Mrs. Austin's sister, left this morning in the Austin automobile for Riverside and Redlands, where they expect to spend two or three days.

Dr. Charles Struthers of Willows, Cal., who is spending his vacation with his parents in this city, went down to Long Beach this morning to pass the day.

Santa Ana passengers to Los Angeles this forenoon via the trolley line were Mr. and Mrs. W. A. Huff, Mrs. Robert McFadden, Prof. J. A. Cranston and N. A. Uim.

Mrs. John L. Dryer and Miss Augusta Alexander had as their house guests yesterday, Mrs. E. J. Jolly of Oakland, Mrs. L. H. Valentine of Los Angeles and Mrs. Jewett and son, Howard, of Alhambra, all of whom were old Placerville friends of the hostesses when they lived in that place.

Miss Lella Traylor is here from Pasadena, visiting at the J. P. Baumgartner home. Mrs. Baumgartner and her guests, Miss Traylor and Miss Doak of Riverside, motored to Balboa.

L. W. Emerson spent today in Los Angeles.

Miss Lucy Hill of Santa Ana and Miss Esther Hedstrom of Anaheim went to Corona del Mar today to visit for several days with Miss Emily Jamison of Corona. They were all collected.

HER SCREAMS PUT HER ASSAILANTS TO FLIGHT

Officers are making an investigation into a report of an attack upon Miss Julia Simpkins at Garden Grove Monday night. The young woman is a waitress at Arnett's restaurant. She states that while in the back yard of the place she was seized by two unknown men who attempted to throw a cloth saturated with some kind of fluid, over her face. She screamed as soon as she was seized, and immediately the two men took to their heels.

YOUNG WOMAN SAVED BASE FROM BEING CRUSHED BY AUTO

VENICE, July 24.—Miss Bessie Knapp, residing on Highland avenue, proved herself a heroine yesterday evening when she sprang directly in front of an automobile and saved the infant daughter of Mr. and Mrs. F. J. Carschwill of Riverside from being crushed at Brooks avenue and the Speedway yesterday afternoon. The baby car rolled across the Speedway, directly in front of the automobile. Miss Knapp glanced back and saw that the baby carriage would be struck by the machine. Without an instant's hesitation she sprang back into the Speedway and seeing that she would not have sufficient time to wheel the baby car to one side, she gave the perambulator a vigorous shove which carried it across the thoroughfare out of harm's way. Not having time to get out of the way of the automobile herself she jumped upon the hood of the machine and rode in that precarious position fully forty feet until the automobile was stopped. Except for being slightly shaken up from her experience Miss Knapp escaped uninjured.

"FRESNO DAN" STILL AFTER BIG ESTATE

Californian Fighting For State of Daniel Blake Russell of Melrose, Mass.

CAMBRIDGE, Mass. July 24.—An unsuccessful attempt to show conspiracy on the part of attorneys for the estate was made yesterday by counsel for the man from Dickinson, N. D., who claims to be Daniel Blake Russell, son of the late Daniel Blake Russell of Melrose. Counsel called to the attention of Gilbert A. A. Peavey, the master in the case, the fact that the Fresno, Cal., claimant while on the witness stand yesterday would not swear whether he had waived his rights to the estate before he was recognized by the Russell family as the missing son.

It was the desire of counsel that the testimony of "Fresno Dan" be interrupted while the master heard an examination of four lawyers for the State as to the truth or falsity of such claim. The master denied the motion on the ground that it easily could be brought up at some future period in the hearing.

GOVERNOR MARSHALL'S COLONIAL ORIGIN IS NOW DISPUTED

LOUISVILLE, Ky., July 24.—An assertion that Governor Thomas R. Marshall of Indiana, Democratic nominee for the vice presidency is a grandnephew of the famous Chief Justice John Marshall, is challenged here. Burwell K. Marshall, himself an attorney and a member of the family whose name the noted jurist honors, in a letter yesterday, asked for a correction of what he describes as such a "mistatement."

"Governor Marshall," reads the letter, "is neither a grandnephew of Chief Justice Marshall nor is he connected with him, or the Marshall family of Virginia or Kentucky, which is related to Chief Justice Marshall in the remotest degree."

COMMISSION LOOKS INTO THE RESOURCES OF RIVERSIDE CO.

RIVERSIDE, July 24.—Nine cherry trees from which were sold \$30 worth of fruit this year, were found yesterday by enthusiastic crusaders for more diversified crops in Riverside County. First class summer apples were picked on the Tibbets place. An attempt is being made to establish a horticultural commission here. It is expected that such a commission, by finding out the experiments now and in the past by the farmers, will be productive of new resources of wealth for the community.

MAXIM PLANS SHIP HE THINKS WILL PUT OUT DREADNAUGHT

DETROIT, Mich., July 24.—Hudson Maxim, the inventor of engines of war, stated here Monday that he is perfecting a design for a semi-submerged cruiser which he thinks will throw all dreadnaughts into the discard. It will be heavily armed, but lightly armored, and of high speed. Maxim's design contemplates a cruiser that floats like any other ship until it goes into action, when it sinks until little is visible except its gun platform. He thinks it will be almost impossible to put such a craft out of action.

"I have come to believe that the best way to protect our swift, lightly-armed, heavily-gunned vessels is by using the water for submergence, making them mere floating semi-masked batteries," said Maxim.

BISHOP HENRY WARREN IS DEAD OF PNEUMONIA

DENVER, Colo., July 24.—After an illness of five weeks Bishop Henry White Warren of the Methodist Episcopal church died last night at the age of 81 years. Pneumonia is attributed as the direct cause of death. Immediate relatives and the bishop's physician were at the bedside at the time of death. The widow, who had been in constant attendance upon the noted divine since his illness, is prostrated and under a physician's care.

MISS SNODGRASS SEEN ON NEW YORK STREETS

NEW YORK, July 24.—Mystery was added to the remarkable disappearance of Miss Dorcas Snodgrass yesterday, when a young woman who has known her for years came forward and declared positively that she passed her on Twenty-third street Monday afternoon. The young woman is Phoebe Cummings, a servant in the house of Mrs. G. E. Gibson of Mount Vernon. Just why Miss Snodgrass should so suddenly desert a home in which she has been so well beloved for seven years, and why she has given no word to her fiancé of her whereabouts, is what is puzzling the detectives.

Tomato Cannery

IMPERIAL, July 24.—Extensions to the plant of the Imperial Valley Canning Company have been completed and it is expected that the factory will be ready to begin the canning of tomatoes Thursday.

Manager Bentley says: "While the tomatoes here are not so large or of such fine quality as those produced farther north, they are all right for canning purposes and in time ought to be one of the biggest industries in the farming line in the valley."

"If no breakdown occurs the cannery here ought to turn out not less than 90,000 cases of tomatoes before the close of the season."

H. J. Quayle, an entomologist connected with the state university, was a guest yesterday of County Horticultural Commissioner R. K. Bishop. At present Prof. Quayle is stationed at the experimental station at Whittier, but with the opening of the school year he will teach at Berkeley.

Prof. Quayle's visit here was to make a further study of two vegetable pests, the red spider and the flea beetle.

I. W. W. LEADER OUSTED TODAY FROM FEDERATION OF MINERS

CRIPPLE CREEK, Colo., July 24.—Charged by President Moyer with attempting to turn the federation against the officers of the central body, Thomas Campbell of Butte Union No. 1, stands expelled today from the Western Federation of Miners. The vote expelling Campbell was 232 to 16. It is understood Campbell, who is a member of the I. W. W., is fostering a movement to have that body secede from the federation.

U. S. GETTING BUSY IN OIL LAND SUITS AGAINST S. P.

LOS ANGELES, July 24.—United States Attorney McCormick is here in the interest of suits against the Southern Pacific R. R. Co. and three hundred private concerns for the recovery of oil lands in Inyo, Kern and Coalinga fields, valued approximately at one billion dollars. It is stated the corporation obtained these lands under the understanding that they were of no mineral value, and made affidavits to this effect, when they knew otherwise. Criminal prosecution may follow the civil suits, if the government should be successful.

TIGHT-FIT DRESSES ARE DENOUNCED

Chicago Leaders Organize to
Bring Back Modest Style
in Dressing

CHICAGO, July 24.—"Clothes which reveal as they half conceal" have been placed under the ban of the society of Chicago. Hereafter the styemakers will be asked to design a dress loose and at the same time handsome.

Dr. Effie Lobdell, Mrs. J. L. Reilly, president of the Catholic Women's League; Judge R. C. Bachus, Bishop Samuel Fallows and Rev. Charles Bayard Mitchell, are the leaders in the fight against the tight dress.

"The tight fitting dress and bodices should be taken from women by law if necessary," said Dr. Lobdell, a well-known church and society woman. "Many women pattern their gowns after the extreme style affected by actresses. Such dresses are extremely dangerous both to morals and health. It was dress that caused the murder of little Julia Conner in New York. The slayer brand his act on the make-up of women."

"Women are becoming too frank in exposing themselves," says Bishop Fallows. Rev. Hart and Bayard Mitchell, pastor of St. James Methodist Episcopal church said that in striving to be fashionable, women expose themselves to indignities.

"I have heard men make remarks about women in too closely clinging gowns that would make them want to run home and hide their blushes," he said. "Many women who dress most extravagantly would be horrified if they knew the thoughts excited by their costumes. Women may not think their gowns immodest but men do. That is about all that needs be said."

TWELVE YEAR OLD GIRL IS FAMOUS

According to the current issue of Farm and Fireside the extension department of the Iowa State College of Agriculture has been sending out bulletins to the thousands of girls in their State Girls' Club, teaching them, among other things, how to make bread and how to judge bread. Then, as a close for the year's work, the girls of the state came to the college during the winter short course and baked bread there to see who could make the best loaf of bread.

The article goes on to say: "A number of girls tried, and their bread was a credit to the instruction which they had received. The winner, Lois Edmonds, of Page county, Iowa, is but twelve years old. She is a happy, wholesome, sensible little country girl of that marked ability which is not unusual in the best country homes. Her bread scored ninety-three points out of a possible hundred, which is considered a very high record."

"Lois used the recipe which was sent out to the girls by the Extension Department. She used flour manufactured in her home county. The recipe is as follows: "Two teaspoonsful of butter, one tablespoonful of sugar, two cupfuls of scalded milk, one tablespoonful of salt and half a cake of yeast (compressed). Dissolve the yeast-cake in four tablespoonfuls of water that is no warmer than fresh milk. Scald the milk. Place sugar, salt and butter in a bread-pan. Add the milk when it is no warmer than fresh milk. Add the dissolved yeast. Begin to add flour gradually, and beat thoroughly as the flour is added. Beat out all the lumps, and make the dough look smooth. Add flour until dough can be worked without sticking to hands or board."

"Knead lightly and with a quick motion of the hands until the dough is elastic and you hear a snapping, cracking sound. Place the bread in a bowl, and cover with a towel. Keep warm, never hot and never cold. Let it rise until it has doubled in size. Then knead again, and make into two loaves. Set the loaves in a warm place, and allow them to double in size. The oven should be hot enough to brown a piece of letter-paper in from eight to ten minutes. A loaf this size should bake about fifty minutes, and the oven should be cooler during the last fifteen minutes."

"Lois is such a little girl that she had to get on her knees on the stool in the cooking laboratory in order to reach to knead her bread. At the Page County Industrial Exposition she had the best cake baked by a girl under fourteen."

KING OF ATHLETES SH YOF ROYALTY

James Thorpe Refused to Obey King of Sweden's Behest to Visit the Royal Palace

LONDON, July 24.—On the voyage to Dover of the Finland, which carried the victorious American Olympic athletes, it was learned that on the day of leaving port, the king of Sweden sent an enquiry on board to take James Thorpe, the half-breed Indian who won the pentathlon and decathlon, to the royal palace, and that the athlete refused to go.

This was the first time in history that an American or anyone else refused royal command of this character, especially as it was reported that the king wished to give the American a decoration for his wonderful work in winning both events, which stamped him as the greatest all-round athlete in the world.

Commissioner James F. Sullivan, who learned of the incident after the Finland sailed, was horrified at such a breach of etiquette, and remarked regarding the Indian: "Let us hope his majesty has some sense of humor."

that the orchards in the southern portion of the state are beginning to bear and are real factors in the harvest. The Valencia apples, the Antelope valley apples and those grown around Redlands are proving of excellent quality and the tall apples of the red varieties are of high color and fine flavor. Bartlett pears are arriving more freely. They are moving well and still bring a fancy figure, selling at \$2 per bush. Malaga grapes are the only plentiful fruit of that variety. They are selling from 5 to 6 cents a pound. Thompson seedless and Sweet Waters are also coming in and moving slowly.

There were few changes in the vegetable market. Fancy stock of all kinds is bringing high prices, but there is very much poor stock coming in. Celery has gone up with the demand and the approaching end of the season on that vegetable. Sweet corn is down and is plentiful. Corn worms are very common and much of the arriving stock is useless on account of this pest. Tomatoes have also been bothered with worms more this year than in previous seasons and produce is at a loss to account for the seeming plague. Turnips have declined to 35 cents a sack as bottom prices. Carrots are also cheaper and bunch goods generally are plentiful.

Receipts of eggs totaled 410 cases. The demand for the product was only fair and prices slackened off a trifle in the jobbing market, but no real decline was reported. Butter was also a trifle weaker on advices from the east and on heavy receipts which totaled 57,671 pounds. Creamery extras at the prevailing figure are moving well. Cooking butter is plentiful. There were no changes in cheese. Northern fresh was the best seller. Only \$11 pounds were received. Potato receipts were 109 sacks from outside territory. The quality of local potatoes has been good. Some of the heavier soil potatoes have proven very soggy for cooking and there has been some complaint about them which has put them fractionally lower in price than the loam soil spuds. There were no onion receipts and the market was active on the product which is present in nearly all from local fields. Bean receipts totaled 84 sacks.

IN THE JUSTICE COURT

TWO CHARGES AGAINST HIM

Mexican Who Shot Kellenberger is Also Accused of Robbing Jacobo

Yesterday afternoon two complaints were sworn to against Lino Almdares, the Mexican who shot City Marshal Kellenberger at Anaheim. One charges him with assault with a deadly weapon with intent to kill, and the other charges him with robbery.

Deputy Sheriff Squires swore to the first complaint, and Gomeindo Jacobo to the second. Jacobo was with Almdares back of Stark's saloon when Kellenberger arrived. Almdares had attempted to steal Jacobo's watch, and because of that it is probable that Almdares shot Kellenberger, thinking the officer had come to arrest him.

Under the law, the limit for assault with a deadly weapon with intent to murder is fourteen years. It is probable that the robbery charge

will be pressed, since under it a longer term in prison is possible.

Case Dismissed

The charge of disturbing the peace against Charles McDowell has been dismissed. The complaining witness in that case was Francisco Ortiz, who murdered Hernandez at Huntington Beach. Ortiz seems to have been an all-round bad Mexican. At the coroner's inquest yesterday it developed that he shot Hernandez because Hernandez insisted on Ortiz stopping his molestation of a young woman who lived neighbor to Hernandez.

Sent to Jail

A Mexican was brought to the county jail today from Orange to serve sixty days for carrying a revolver. He was arrested by Constable G. L. Jackson and sentenced by Justice Fullerton.

SUGAR FACTORIES EXPECT TO SLICE BIG BEET TONNAGE

RIVERSIDE, July 24.—It has been announced at the Southern Pacific office in this city that the Chino sugar beet factory will start operations August 15. The plant expects to slice 82,000 tons this season. Last year that mark was reached in 105 days, and the officials declare the plant will equal that record this year.

There is a large crop of sugar beets, and the Southern Pacific is getting ready to handle its share of the business.

The factories at Los Alamitos, Anaheim and Oxnard will start about the same time, and the three expect to slice a greater tonnage this season than last.

AT THE COURTHOUSE

BOMBELA ON TRIAL TO-DAY

Wife of Prisoner Wants Him Sent to Prison—Her Brother Was Murdered

Manuel Bombela is on trial in the superior court today on a charge of murdering his brother-in-law, Apolonia Valles, near Los Alamitos. Attorney Spencer of Anaheim, appointed by the court, is defending him. Valles' sister was married to Bombela. She left her husband, and went to her brother. This brought on the quarrel that ended in the stabbing of Valles. Bombela's wife wants him sent to prison.

Wants Pipeline

Henry Pohndorf has petitioned the supervisors for a permit to put a pipeline across a road at the corner of Santa Clara and Tustin avenues.

Papers Filed

County Clerk Williams has forwarded to the secretary of state the nomination papers of the following: For state senator, J. N. Anderson and C. C. Chapman; Republicans; Louis P. Hart, Democrat; George Bauer, Socialist; F. D. Ashleigh, Prohibitionist. For Assembly, A. W. Rutan and H. V. Wells, Republicans; I. D. Mills, Democrat; J. H. Stewart, Socialist; W. T. GREAT BRITAIN MAY WITHDRAW PROTESTS

WASHINGTON, July 24.—A. Mitchell Innes, charge d'affaires of the British embassy, yesterday called at the State department, but without the expected statement of Great Britain's reasons for protesting against Panama canal legislation.

Mr. Innes conferred with Chandler Anderson, counselor of the State department.

According to surmise, the British protest is to be modified.

The protest which Mr. Innes delivered to the State department, two weeks ago was merely a feeler, the British desiring to learn public opinion.

It is believed Great Britain will withdraw the objections in view of the determined stand taken in favor of the right of the United States to grant free use of the canal to American vessels.

IMPERIAL CANTALOUPE SEASON RECORD BREAKER

LOS ANGELES, July 24.—What is believed to have been a record-breaking season for the cantaloupe shippers of the Imperial Valley is drawing to a close, there remaining only about thirty cars to be shipped.

Since the shipments started 2817 cars have been sent out by way of the Southern Pacific and every car reached its destination in first-class condition and was sold at a handsome profit to the grower.

This is the first season the shippers of cantaloupes in the Imperial valley have succeeded in getting their crops to the eastern market without a number of cars being rejected. Care in selecting the cantaloupes and in packing, as well as in the icing of the cars and the rapid transit east, is responsible for the splendid record.

ENGLAND TO DEAL WITH LABOR PROBLEM BY LEGISLATION

LONDON, July 24.—The government has decided to deal with the labor problem by legislation. Chancellor Lloyd-George in the House of Commons last night said labor disputes were challenging British commercial supremacy. The time has come, he said, to reconsider the whole problem.

The industrial council is now considering the best method of taking up the question.

TACOMA, July 24.—Bellmore Brown and Professor Parker of Columbia University are believed today to have reached the summit of Mount McKinley, Alaska, following the receipt of a cablegram by Mrs. Brown stating that twenty thousand feet altitude had been reached. This is the height of the mountain.

DESERT INDIANS KILL OFF MOUNTAIN SHEEP

SAN BERNARDINO, July 24.—Will Parks, one of the best-known desert characters in San Bernardino county, yesterday took a personal protest to the office of the fish and game commission against the slaughter of mountain sheep by the Indians who inhabit the desert in the vicinity of Yermo and from there to the Nevada state line.

Parks has been working in the vicinity of Yermo for years, trying to perfect a breed of the hardy sheep which could be domesticated, but he says the Indians so hinder his work that it is almost impossible to carry it on.

RICH CONVICT ON LARK

Col. Christopher Wilson Living in Luxury at Fashionable Bronx Boarding House

NEW YORK, July 24.—The federal grand jury will inquire into the circumstances in which Col. FORTY MEN IN FLOOD'S PATH

PITTSBURG, Pa., July 24.—Reports reached here this afternoon that forty miners had been caught in the workings of the Superba mine near Evans station, following the breaking of an immense dam belonging to the Frick Coal Company.

A heavy rainstorm in the district has impaired the telephone and telegraph service and details are unavailable.

UNIONTOWN, Pa., July 24.—Officials of the Baltimore and Ohio railroad this afternoon confirmed the report that at least fourteen miners had been drowned in the Frick coal mine near Evans.

"Forty men probably lost their lives," the message read, although it is certain that forty miners were endangered. The wires are still down.

WOMAN CHARGED WITH 9 MURDERS

CHICAGO, July 24.—Suspected of causing the death of at least nine persons by poisoning, Mrs. Louis E. Lindloff, a seeress and spiritualist, was charged today in a grand jury indictment with the murder of her fifteen-year-old son, Arthur. The woman is suspected, among others, of the murder of her first husband, Julius Graunke, to collect his life insurance.
